### ABOUT OCCUPY CAFE:

Occupy Cafe exists to inclusively connect people, to share and listen.

Small group conversations kick-off every 20-30 minutes to discuss topics of shared interest. People are also welcome to just hang out and relax, as long as they are respectful of the other activities in the space. We'll have an area for kids with some art supplies and toys. There will be spaces for people to 'booth' with info, so feel free to bring hand outs or fliers on topics of interest. Ready to serve food/potluck contributions most welcome (limited kitchen access).
